TRENTON, N. J., July 15.—Chancellor Magie to-day granted a rule to show cause why a receiver should not be appointed for the Universal Tobacco Company. The rule was granted on the application of Edwin McAlpin, and is returnable at Jersey City, August 24. The assets of the company are given as \$1,135,000, and the liabilities at \$82,745.

It is charged, however, that assets of \$32,000 represent raw materials which would not bring over \$25,000 at forced sale, and that the machinery is valued at \$227,000, and would not bring over \$50,000. It is also charged that the company is mismanaged by W. M. Butler, its manager in the interest of himself and his brother, George P. Butler. It is particularly charged that Butler is using his opportunities for the benefit of the Commonwealth Tobacco Company, in which he is interested.

BOTTOM OUT OF MARKET STAMPEDE IN

New Low Record Made on Heavy Volume of Business. PRICES DROPPED RAPIDLY

There was a Rush to Sell in Early Hours—in the Last Half-Hour Rush to Cover Caused Some Recoveries.

(By Associated Press.) NEW YORK, July 15.—Demoralization ruled in the stock market to-day, making it up to the time of the closing rally one of the most disastrous days since the memorable panic of May 9, 1901. New low records for the year were made in the trading on a heavy volume of business. Some of the decline in high grade investment stocks for the day ran all the way from 4 to 20 points.

In the early dealings there was a rush to sell. Prices dropped sharply, and in some cases precipitately, with active stocks down 2 to 3 points each, and with an extreme break of over 5 points reached in St. Louis and San Francisco, Chicago and Eastern Illinois certificates. The decline was especially noteworthy, however, in such stocks as St. Paul, New York Central, Union Pacific, Canadian Pacific, Missouri Pacific, United States Steel and General Electric. In the last half hour covering the shorts and investments by bargain hunters were responsible for partial recoveries in many issues, and complete recoveries in a few, like St. Paul, which closed fractionally above Tuesday's final quotations.

A distinctly unfavorable impression was created by the announcement of the issue of short time by the Union Pacific to the amount of \$10,000,000; also smaller loans by several other railroads. The Burlington, the action of the Union Pacific and other roads in going into the market for money naturally affords ground for uneasiness in speculative circles. It is believed that the Union Pacific announcement was an important factor in the demoralization and that the new demands of various railroads for money were responsible for the liquidation of many stock market accounts at serious losses.

To Wall Street the unpleasant feature of the situation is that corporate borrowing seems to be becoming greater than less. While this feature persists, it is pointed out, the Street cannot hope for easy money.

Timely Discovery of a Plot in Fulton.

SEVEN MEN WERE PUT UNDER ARREST

While Six Others Succeeded In Making Their Escape.

WERE CONCEALED IN A DARK ALLEY

Were Armed With Pistols and Rocks and Were Making an Assault Upon a Car When Soldiers, Under Majors Nottingham and Cheatwood, Arrived on the Scene.

Concealed in a dark alley of Fulton, ten or a dozen men, armed with stones and pistols, were surprised last night in the act of waylaying and attacking one of the late cars making its way along the route.

All around them suddenly appeared soldiers, and to the right and the left, as they glanced in terror, seeking an avenue of escape from the trap in which they found themselves, muskets and bayonets gleamed in the flitting light. A scene of wild confusion ensued. Frantic efforts were made by the prisoners to escape, and under cover of the night, escape some of them did. Back fences were scaled; some crept along the line of the fence, and finally made a bold dash for it; all scurried about like rats in a cage besieged from the outside. Several squeezed through the cordon drawn around them; several did not, and there they stood, cowering, caught redhanded
